## Objective

Highly motivated and ambitious Computer Systems Engineering student seeking opportunities to apply my technical skills and knowledge in software development. Eager to contribute to innovative projects while further enhancing my expertise in programming languages and web development.

## Education

### DAWOOD UNIVERSITY OF ENGINEERING AND TECHNOLOGY

*Bachelor of Engineering- BE Computer System Engineering*

Karachi, Pakistan

2020 – 2024

### OXFORD SCIENCE SCHOOL AND COLLEGE

*Pre- Engineering*

Karak, Pakistan

2016 – 2018

## Academic Coursework

**COURSE COMPLETED:** Introduction to C++, Java (Object-Oriented Programming), Data Structures and Algorithms, Computer Architecture, Database Management Systems (DBMS), Web Engineering, Data Communication, Operating system

## Academic Experience

### PROJECT #01: JAVA

Karachi, Pakistan

*Blood management system in java language (3<sup>rd</sup> semester)*

- *Application:* Formed Web application for blood, where people search online blood, and they can get easily.
- *Teamwork:* coordinated with a team of 2 members to carry out the blood management system project.

### PROJECT#02: C++

Karachi, Pakistan

*Student report card system (2<sup>nd</sup> semester)*

- *Application:* formed application to store all data about fees, student record, delete individual record, search record, and display whole class record.
- *Leadership:* Chaired a team of 2 individuals to carry out the student report card system project.
- *Achievement:* Gained practical experience of C++ and can be applicate in different project.

### PROJECT#03: React JS

E-commerce website

- Online shopping website: Providing users with a platform to search for food products, clothes, books, and more

## Skills and Certifications

- **Programing Languages:** JavaScript, Java (OOP), Python
- **Web Development:** HTML, CSS, Bootstrap, tailwind CSS, JavaScript, ReactJS, NextJs, NodeJS, ExpressJs
- **Version Control:** Git, GitHub
- **Database:** DBMS, MySQL, NOSQL (MongoDB)
- **Certification:** The complete web developer course (Udemy 2023), Python programing for everybody (Coursera 2022)

## Additional

- **Interest:** Photography, visiting, Plying football.
- **language:** Urdu, English, Pashto
